SSAFA

SSAFA provides lifelong support for our Forces and their families. Each year, our staff and network of 7,500 volunteers nationally are there for more than 50,000 people, ranging from D-Day veterans to the families of young soldiers wounded in Afghanistan. In addition we have volunteers working throughout the world wherever there are military personnel, including Afghanistan. Our motto is 'First in, last out'.

For over 125 years, we have willingly risen to the challenge of meeting the needs of our client group. We now offer a wide range of services such as:

Confidential Helpline
Sibling Support Groups
Supported Housing
Bereavement Services
Adoption Agency
Holidays for Disabled Children
Military Wives Choir Foundation
Norton Homes for the families of injured service personnel
Glasgow's Helping Heroes Project
